# CHAT BOARD® TABLE

CHAT BOARD® Table is the functional meeting-, office- or dining table for creative spaces. The writable and erasable surface encourages the user to break conventions and get carried away, make notes, sketch and communicate ideas visually, directly on the table top, during the creative process.

The CHAT BOARD® Table top is made with 10 mm tempered safety glass, in accordance with the highest quality standards, finished with smooth C-edges and radius corners. It is available in 2 standard sizes and 22 glass colours, while the height-adjustable, powder-coated steel base is available in 3 colours: Signal White RAL 9003, Jet Black RAL 9005 and White Aluminium RAL 9006. In addition, the glass top can be made to order in bespoke standard RAL or NCS glass colours.

Please contact our head office with any special requests: [info@chat-board.dk](mailto:info@chat-board.dk)
